Connect Exposition Asia

# DAY 1

## Vietnam Warehousing & Automation Conference Agenda

21/05/2025

9:00 AM – 10:00 AM

**Panel Discussion:**

**Vietnam's Warehousing Landscape: Opportunities in a Growing Market**  
An overview of Vietnam's warehousing and logistics infrastructure development, investment opportunities, and the role of automation in driving growth.

10:00 AM – 11:00 AM

**Panel Discussion:**

**The Future of Warehouse Automation in Southeast Asia**  
Highlighting trends in automation technologies and robotics for warehouses and their practical implications for the Vietnam market.

11:00 AM – 12:00 PM

**Panel Discussion:**

**The Role of Robotics and AGVs in Transforming Warehouse Operations**  
How robotics and Automated Guided Vehicles (AGVs) are reshaping warehousing tasks such as picking, sorting, and storage

12:00 PM – 1:00 PM

**Lunch Break**

1:00 PM – 2:00 PM

**Panel Discussion:**

**Overcoming Last-Mile Challenges: A Vietnamese Perspective**  
Discussing solutions to last-mile delivery challenges in Vietnam's urban and rural areas.

2:00 PM – 2:30 PM

**Keynote Session:**

**Efficient Material Flow with Integrated Conveyor Systems**

2:30 PM – 3:00 PM

**Keynote Session:**

**Energy-Efficient Storage Solutions: Innovations and Case Studies**

3:00 PM – 4:00 PM

**Panel Discussion:**

**Warehouse 4.0: The Future of Smart Logistics and Supply Chain Visibility**  
An overview of the latest technology in Warehouse 4.0, including real-time data and AI for decision-making.

4:00 PM – 5:00 PM

**Networking Session & Exhibition Tour**

Organized by

# DAY 2

## Cold Chain & Refrigeration Conference Agenda

22/05/2025

9:00 AM – 10:00 AM

**Panel Discussion:**

**The Future of Cold Chain in Vietnam and Asia**  
Insights into emerging trends, market opportunities, and challenges in the cold chain sector in Vietnam and the broader Asian market

10:00 AM – 11:00 AM

**Panel Discussion:**

**Innovating Cold Storage: Enhancing Efficiency and Sustainability**  
The panel will discuss advancements in cold storage infrastructure, energy-efficient refrigeration technologies, and strategies to achieve sustainability goals in cold chain operations

11:00 AM – 12:00 PM

**Panel Discussion:**

**Reefer Transport and IoT: Redefining Old Logistics**  
Discussion on Innovations in reefer transport for pharmaceuticals, seafood, and perishables, Role of IoT and real-time tracking in enhancing efficiency and reliability in cold logistics.

12:00 PM – 1:00 PM

**Lunch Break**

1:00 PM – 2:00 PM

**Panel Discussion:**

**Cold Chain Solutions for Vietnam's Growing Seafood Export Market**  
Learn from real-world implementation of cold chain solutions tailored to the seafood industry, focusing on quality preservation and export

2:00 PM – 2:20 PM

**Session:**

**Packaging Innovations for Cold Chain Products**  
Topic will cover Eco-friendly packaging for cold chain logistics, Advanced packaging technologies to maintain product integrity and Cost-effective solutions for perishable goods

2:20 PM – 2:40 PM

**Keynote Session:**

**AI and Automation in Cold Chain Operations**  
Exploring how artificial intelligence and automation are transforming cold storage and logistics for better efficiency and scalability

3:00 PM – 4:00 PM

**Panel Discussion:**

**Future-Proofing the Cold Chain Industry in Vietnam**  
Interactive discussion focusing on long-term strategies, technology adoption, and evolving market needs to sustain growth in the cold chain sector

4:00 PM – 5:00 PM

**Networking Session & Exhibition Tour**

9:00 AM – 9:50 AM

**Panel Discussion:**

**Optimizing Supply Chain Operations for Seamless Fulfillment**

The panel will discuss advanced technologies, efficient inventory management, and strategies to meet tight SLAs for seamless fulfillment in supply chain operations

9:50 AM - 10:40 AM

**Panel Discussion:**

**Sustainability in Logistics: The Green Supply Chain**

Discussion on reducing carbon footprints in logistics through sustainable practices and eco-friendly technologies

10:40 AM - 11:40 AM

**Panel Discussion:**

**Perfecting Last-Mile Delivery in ASEAN Markets**

The panel will explore infrastructure challenges, local courier integration, and strategies to enhance the doorstep delivery experience in ASEAN markets

11:40 AM - 12:00 PM

**Case Study:**

**Innovations in Same-Day Delivery: Lesson from E-commerce Giants**

Real-world examples of overcoming challenges in same-day to enhance customers to satisfaction.

12:00 PM – 1:00 PM

**Lunch Break**

1:00 PM – 2:00 PM

**Panel Discussion:**

**The Future of ASEAN Cargo and Logistics**

Trends, opportunities, and challenges in cargo transportation and logistics across the ASEAN region.

2:00 PM – 3:00 PM

**Panel Discussion:**

**Integrating Multimodal Transport for Efficient Cargo Movement**

The panel will discuss optimizing transitions between air, ocean, and road transport, improving ground handling, and overcoming regulatory challenges for efficient cargo movement.

3:00 PM - 4:00 PM

**Panel Discussion:**

**Leveraging Technology to Streamline Cargo Operations**

How digital tools like blockchain, IoT, and automation are enhancing efficiency and transparency.

4:00 PM – 5:00 PM

**Networking Session & Exhibition Tour**
